

# NON LIABILITY AGREEMENT BETWEEN S.P.A.R.C & ITS MEMBERS

1. In this agreement the following terms apply. The Club, SPARC or S.P.A.R.C. refers to the Shore Point Amateur Radio Club. You or the member refers to the member of SPARC signing this agreement.

2. The intention of this agreement is to establish that the Shore Point Amateur Radio Club or any of its members is not to be held liable for any damage, injury or loss of any type sustained by another member of the club under any circumstances other than those specified in this agreement. This does not preclude a member from taking action against another member on a non-Club related issue. A non-Club related issue in this agreement must meet the following criteria:

- 1 It must not be a Club function.
- 2 It must not be an issue where the member against whom the action is being claimed is acting on behalf of the Club.
- 3 If there is any question of whether any event is considered a Club related function, the decision will be made by the Executive Board (Officers of SPARC) and will be final.

3. With this agreement the members are informed that if any insurance policy is in effect for the Club, it is a liability policy against third party (non-member) claims or also may be an equipment protection policy. This agreement does not require that the Club maintain any insurance policies of any type.

4. All current members and any potential members must agree to these terms to have membership with SPARC.

5. This Agreement may be modified at a regular club meeting by majority vote and will be recorded in the minutes of the meeting and a copy of the update will be kept with the Club's files. This will be the only notification of change. Members will not be notified individually.

I \_\_\_\_\_ have read and agree to the above terms.
